

## SAFE PLANTS FOR BIRDS

Common Name	Botanical Name	Family Name
Acacia	Acacia (many species)	Acaceae (Acacia)
African Violets	Saintpaulia Species	Gesneriaceae (Gesneriad)
Aloe	Aloespecies - Watch for spines	Liliaceae (Lily)
Areca, Butterfly Cane	Chrysalidocarpus Lutescens	Palmae (Palm)
Asparagus Fern (See Ferns)		Liliaceae (Lily)
Australian Umbrella Tree	Schefflera Actinophylla	Araliaceae (Aralia)
Baby's Tears	Helxine Soleirolii	Urticaceae
Bamboo	Arundinaria Species	Gramineae (Grass)
Bird Nest Fern (See Ferns)	Asplenium Nidus	Filices (Fern)
Begonia	Begonia Species	Begoniaceae (Begonia)

Bougainvillea	Watch For Spines:	Nyctaginaceae
Bromeliads:	Watch For Spines:  Aechmea Spp.  Bilbergia  Spp., Bronwelia Spp.  Cryptanttyhus Spp.,  Guzmania Spp.,  Neoregelia Spp.,  Tillandsia Spp.,  Vriesia Spp.	Bromeliaceae  (Bromellads)
Chickweed	Cerastium Vulgatum	
Christmas Cactus	Zygocactus or Schlumbergera Species	Cactaceae (Cactus)
Cissus Kangaroo Vines	Cissus Antartica	Vitaceae (Grape)
Coffee Tree	Coffea Arabica (Coffee is Toxic)	Rubiaceae
Coleus	Coleus Spp.	Labiatae (Mint)

Corn Plant	Dracaena Massangeana	Lilaceae (Lily)
Crabapple	Malus Spp.	Rosaceae (Rose)
Creeping Charlie	Pilea Nummariifolia	Urticaceae
Dandelion	Taraxacum Officinale	Compositae (Sunflower)
Dogwood	Cornus Species	Cornaceae
Donkey Tail (Burro's Tail)	Sedum Morganianum	Crassulaceae (Crassula)
Dracaena	Dracaena Species	Liliaceae (Lily)
Dragon Tree	Dracaena Draco	Liliaceae (Lily)
Easter Cactus	Rhipsalidopsis Species	Cactaceae (Cactus)
Gold Dust Dracaena	Dracaena Godseffiana	Liliaceae (Lily)
Elephant Foot Tree	Beaucarnea Recurvata	Liliaceae (Lily)
Eucalyptus	Eucalyptus Species-Do Not Use Any Parts Used in Flower Arrangements	Myrtaceae (Eucalyptus)

<p>FERNS:</p> <p>Asparagus,</p> <p>(Not A True Fern)</p>	<p>Asparagus Densiflorus</p>	<p>Liliaceae (Lily)</p>
<p>Bird Nest Fern</p>	<p>Asplenium Nidus</p>	<p>Filices (Fern)</p>
<p>Boston Fern</p>	<p>Nephrolepis Bostoniensis</p>	<p>Filices (Fern)</p>
<p>Brake,Ribbon,Dish</p>	<p>Pteris Cretica</p>	<p>Filices (Fern)</p>
<p>Button</p>	<p>Pellaea Rotundifolia</p>	<p>Filices (Fern)</p>
<p>Motherfern</p>	<p>Asplenium Bulbiferum</p>	<p>Filices (Fern)</p>
<p>Maidenhair</p>	<p>Adiantum Species</p>	<p>Filices (Fern)</p>
<p>Sword</p>	<p>Nephrolepis Exaltata</p>	<p>Filices (Fern)</p>
<p>Squirrel's Foot,</p>	<p>Davallia Species</p>	<p>Filices (Fern)</p>
<p>Deer's Foot, Fiji</p>		
<p>Polypody,Ball</p>	<p>Polypodium Aureum</p>	<p>Filices (Fern)</p>
<p>Staghorn, Elk's Horn</p>	<p>Platynerium Diversifolium</p>	<p>Filices (Fern)</p>
<p>FIGS:</p> <p>Creeping Fig</p>	<p>Ficus Pumila</p>	<p>Moraceae (Fig)</p>

Edible Fig	Ficus Carica	Moraceae (Fig)
Fiddleleaf Fig	Ficus Lyrata	Moraceae (Fig)
Laurel Leaf		Moraceae (Fig)
Rubber Plant	Ficus Elastica	Moraceae (Fig)
Weeping	Ficus Benjamina	Moraceae (Fig)
Gardenia	Gardenia Jasminoides  (Not Jasmine)	Rubiaceae
Gold Dust	Dracaena Godseffiana	Liliaceae (Lily)
Grape Ivy	Rhoicissus Rhomboidea	Vitaceae (Grape)
Hen and Chickens	Echeveria And Sempervivum Species	Crassulaceae (Crassula)
Hibiscus	Hibiscus Rosa-Sinensis	Malvaceae (Malva)
Jade Plant	Crassula Portulacea or Argentea	Crassulaceae (Crassula)
Kalanchoe	Kalanchoe Species	Crassulaceae (Crassula)
Magnolia	Magnolia Species	Magnoliaceae (Magnolia)

Mango	Mangifera Indica	Anacardiaceae
Marigold	Tagetes Species	Compositae (Sunflower)
Monkey Plant	Ruellia Species	Acanthaceae
Mother-In-Laws Tongue	Sansevieria Species  Watch For Spines	Liliaceae (Lily)
Nasturtium	Tropaeolum Majus	Tropaeolaceae
Natal Plum	Carissa Grandiflora  Only Fruits!	Apocynaceae (Oleander)**
Nerve Plant	Fittonia Verschaffeltii	Acanthaceae
Norfolk Island Pine	Araucaria Excelsa	Araucariaceae
PALMS: Areca	Chrysalidocarpus Species	Palmae (Palm)
Bamboo, Fern	Rhapis Excelsa	Palmae (Palm)
Date	Phoenix Dactylifera	Palmae (Palm)
European Fan	Chamaerops Humilis	Palmae (Palm)
Fan	Trachycarpus Jortunei	Palmae (Palm)

	Livistona Species, Chamaerops Humilis	
Fishtail	Caryota Species Fruits Are Toxic	Palmae (Palm)
Howeia	Howeia Species	Palmae (Palm)
Kentia	Howeia Forsteriana	Palmae (Palm)
Lady	Rhapis Excelsa	Palmae (Palm)
Parlour	Chamaedorea Elegans,	Palmae (Palm)
	Neanthe Bella	
Phoenix (Date Palm)	Phoenix canariensis	Palmae (Palm)
Pony Tail Palm	Beaucarnea Recurvata	Liliaceae (Lily)
(Not A True Palm)		
Pygmy Date		Palmae (Palm)
Rhapis	Rhapis Excelsas	Palmae (Palm)
Roebelin, Lady Palm	Phoenix Roebelinsi	Palmae (Palm)

Sago (Not a true palm) Sentry Palm	Cycas Revoluta	Cycadaceae (Cycad)
Wine Palm	Howiea Species Jubaea- Fruits Are Toxic	Palmae (Palm) Palmae (Palm)
Passion Flower Vine	Passiflora Species	Passifloraceae
Peperomia	Peperomia Species	Piperaceae (Peperomia)
Petunia	Petunia Species	Solanaceae (Tomato/Potato) **
Pittosporum	Pittosporum Species	Pittosporaceae
Pony Tail Palm (Not A Palm)	Beaucarnea Recurvata	Liliaceae (Lily)
Pothos	Scindapsus Species	Araceae (Philodendron)
Prayer Plant	Maranta Leuconeura	Marantaceae (Maranta)
Purple Passion (Purple Nettle)	Gynura Aurantiaca	Compositae (Sunflower)
Pyracantha	Pyracantha Crenato-Serrata	Rosaceae ( Rose)

(Ripe Berries Only)		
Red-Margined Dracaena	Dracaena Marginata	Liliaceae (Lily)
Sago Palm (Not a True Palm)	Cycas Revoluta	Cycadaceae (Cycad)
Schefflera (Umbrella)	Schefflera Actinophylla	Araliaceae (Aralia)
Sensitive Plant	Mimosa Species	Leguminosae (Pea) **
Snake Plant	Sansevieria Species	Liliaceae (Lily)
Spider or Airplane Plant	Chlorophytum Comosum	Liliaceae (Lily)
Swedish Ivy	Plectranthus Species, Coleus Species	Labiatae (Mint)
Rubber Plant	Ficus Elastica	Moraceae (Fig)
Thanksgiving Cactus	Zygocactus or Schlumbergera Species	Cactaceae (Cactus)
Thistle	Cirsium Species	Compositae (Sunflower)

Toyon Tree or California	Heteromeles (Phytoloba) Arbutifolia	
Holly (Ripe Berries)		
Wandering Jew	Tradescantia Fluminensis	Commelinaceae
White Clover	Trifolium Repens	Leguminosae (Pea) **
Umbrella Plant	Schefflera Actinophylla	Araliaceae (Aralia)
Velvet Plant (Purple Passion)	Gynura Aurantiaca	Compositae (Sunflower)
Yucca	Yucca Species-Watch for Spines	Liliaceae (Lily)
Zebra Plant	Aphelandra Squarrosa  Calathea zebrina	Acanthaceae,  Marantaceae  Bromeliaceae

\*\* These families are usually toxic.
